

Department of Biomedical Sciences

University
of Windsor

Sessional Appointment – Summer 2020

The Department of Biomedical Sciences invites applications from qualified individuals who are interested in teaching the following course:

BIOL 2021 (95) Human Anatomy	Systemic analysis of the structure of the human body, including gross and microscopic morphology. Topics include anatomical terminology and structures of cells, tissues and the major organ systems. Practical laboratory work will complement lectures with emphasis on gross dissection. (Prerequisites: any two first year biology courses.) (3 lecture hours a week.)
Qualifications	The successful candidate must hold a Master's degree by the date of appointment, a Ph.D. degree is preferred

For additional information, contact the Department of Biomedical Sciences at (519) 253-3000 ext. 2696

Applications are to be submitted on or before **Monday March 30th by 3:00 pm**

As required by the Collective Agreement, the Department of Biomedical Sciences is hereby calling for applications from members of the Faculty Association who are suitably qualified and interested in teaching the above-mentioned course for the Summer 2020 semester.

Applicants who have not previously taught courses by the Biomedical Sciences Department are asked to submit a full C.V. Please email your C.V. etc. to martha@uwindsor.ca.

Applicants from outside the University of Windsor will be expected to provide three letters of reference. The appointment to this position is subject to final budgetary approval.

Dr. Andrew Hubberstey
