REQUEST FOR EXEMPTION FROM DOCTORAL QUALIFYING EXAM TOPICS

Student Name : _____

Student ID: _____

Date: _____

“Doctoral students, upon recommendation of the Doctoral Committee, may be given exemption from a qualifying exam topic if they have obtained a B-range grade or better in a related course which they have taken previously or which they took as part of the requirements for a degree program from which they graduated in the last 8 years.”

To apply for exemption, please enter details on the rows for topics for which you want to apply for exemption, and return to Mrs. Karen Bourdeau, Graduate Secretary along with supporting documentation.

| TOPIC | U/grad year level | Course taken by student. Official description of the course must be attached | Year taken | Grade or marks obtained. Attach transcript |
|--------------------------------|-------------------------------------|--|------------|---|
| Basic Probability | 1 st | | | |
| Numerical Analysis | 1 st | | | |
| Discrete Math. | 1 st | | | |
| File Structures and Database | 2 nd and 3 rd | | | |
| Computer Architecture | 2 nd and 4 th | | | |
| Data structures and Algorithms | 2 nd | | | |
| Operating Systems | 3 rd | | | |
| Software Engineering | 3 rd | | | |
| Complexity Analysis | 3 rd | | | |
| Networking and Internet | 3 rd | | | |
| Programming | 4 th | | | |
| Algorithm Design | 4 th | | | |

Note: Motion was approved by the Council of the School of Computer Science on November 3rd, 2006
