

How to use the U-Pass card?

Students will need to tap their U-Pass cards on the readers upon boarding the buses.

The card will be able to work on all Transit Windsor (TW) buses.

Blacklisted U-Pass Cards

U-Pass cards that have been stolen or lost will be blacklisted. Once the card has been blacklisted, it is no longer active and will therefore prevent any other individual from using the card. Any U-Pass replacements that is made automatically blacklists the previous card, consequently, the only U-Pass card that is active is the most recent U-Pass that was acquired by the student.

Once you have picked up your U-Pass the card is yours to use as long as you remain an eligible full time undergraduate or graduate student. No refunds will be processed for issued cards.

A: If you happen to register late for your classes, your account will still be charged the full cost of the U-Pass and you will still pick up your U-Pass as long as you are a full time student. However we highly encourage students to register early in order to benefit fully from the U-Pass.
