## “Mathematics in Financial Regulation— the experience of a U. Windsor Alumnus”

<b>Who:</b>	<b>Mr. Bradley Howell, Risk Manager Canadian Deposit Insurance Corporation Ottawa, Ontario</b>
<b>When:</b>	<b>Thursday November 23, 2017 3:00 P.M.</b>
<b>Where:</b>	<b>Biology Bldg., Room 113</b>

### **Abstract:**

A former University of Windsor Mathematics graduate now working in financial regulation will discuss his encounters with mathematics in the workforce and share his experience with the application procedure and first several years on the job. The talk may sketch some mathematical models but it will remain accessible to both mathematics and non-mathematics students. Schedule permitting, the speaker will make himself available following the talk to address student's individual questions.
